THE PRESENTATION

I 'm Gamaliel MAWESI, my nickname is Mr Nuage and I'm a software engineer. Now let me talk about the BET.

Bet is a game which consists of placing money on the probability in a given sport. The Bookmarker are the management company for bet.

Soccer bet is popular type of bet because soccer is the king of sport, all people in the word watch this sport. I like soccer and my favorite team are Real Madrid and Manchester United, I hope my team win the final.

In bet you have many options such as:

Simple possibility, goal possibility, foul possibility and more

If you benning in the bet I suggest you to use the simple possibility, because that possibility is very simple understand.

In the simple bet we have three choose. You can choose which team will be victorious or which team will lose or the match finish in the equals for two teams. all within the 90-minute regulation time.

Goal possibility you can do your choose for the first team or the second team which team goal over or under one number.

Foul possibility here you choose the team and you guest or you analyst which team do many fouls.

In DRC we have many company of bet such as Winner, 1xBet, MelBet, Ngenge Sport and more.

The advantage of the games is that you can multiply the stake if your bet wins, you can become a millionaire or completely ruin yourself if you become addicted. The betting is not permitted in many religions but for me bet is just a game, it's a possibility for me to follow my favorite team.

If you want stake bet you can use the android application, IOS apps or the special site web for play bet soccer or bet other sport. For android phone you can go to the PlayStore Market or for IOS phone you can go to AppStore for download the applications.
